

DENTISTRY FOR YOU & YOUR FAMILY

The CWA and your union leaders have signed a contract with Direct Dental Services, Inc. to provide \$1,400 (Bell South) and \$1,500 (AT&T and Lucent) worth of dental coverage every year for you and each member of your family. You pay nothing.* Your employer's self insured trust pays up to the \$1,400 or \$1,500 as a benefit for you on your behalf.

When you make an appointment with any of the dental offices listed in this brochure, you need only pay your one-time, lifetime \$25 deductible (Bell South)* and \$50 (AT&T and Lucent). These offices will accept the payment as provided by your CWA coverage.* The money you save with this benefit alone may more than pay for your union dues. Almost every dental procedure is covered, and we urge you to take advantage of our negotiations on your behalf.

If you presently belong to the DMO, you must go to your place of work and switch to the "fee for service option."

The general practitioners and specialists in this group have been in private practice for many years and are committed to prevention of your oral problems and to patient dental education.

COMPLETE DENTAL CARE (SPECIALISTS)

The Direct Dental Services network of dentists also includes periodontists, orthodontists, endodontists, pedodontists and oral surgeons. Remember, you also have an extra \$1,640 (Bell South) and \$1,500 (AT&T and Lucent) that will be paid for

orthodontia (braces) towards a scheduled fee for a 2 year case. Out of a 2 year period you would only have to pay 24 monthly payments of \$70 per month for children or \$90 per month for adults** **WITH NO DOWN PAYMENT.** (The insurance pays the entire down payment to the orthodontist.)

There is a 25 percent discount for all work done by all other specialists.

There is a \$150 co-payment per tooth for root canal therapy.

IT PAYS TO BELONG

Your union urges you to not only take advantage of our recommended dental offices, but to tell all your CWA friends and relatives that may not be members of our union to join us now. The savings that just one member of your family will derive by using the maximum dental coverage may pay for one year's union dues. Remember, the more union membership we have, the stronger our bargaining position in the future and the more benefits we can provide for you! Also, remember to bring your **UNION CARD** to one of the enclosed dental offices for verification of your membership by the dentist.

*This deductible must be paid in the first year. In all succeeding years, provided that the covered person has a cleaning in that year, the deductible is waived. The cost of each annual cleaning is paid by the plan. Should your dental treatment exceed \$1,400 or \$1,500 worth of coverage to complete your work, the cost to you will be at the prearranged schedule allowed under your coverage. Certain procedures and payments are subject to pre-existing conditions, or as specified under SPECIALISTS (see above). The cost to you for a non-covered procedure will be at a 25 percent discount of the dentist's normal fee.

**Retention — additional \$200 at end of case (children and adults).

There is a \$125 co-payment per unit for all prosthetic work.

Direct Dental Services, Inc.

"Working together for you!"

**Communications
Workers of America**

Our union, along with Direct Dental Services, has provided you with basically free dentistry for over 10 years. We now want to inform you of a change in the orthodontist who will be taking care of all of your orthodontic needs.

**Pickron Orthodontic Care will no longer be participating
in our CWA/DDS dental network.**

However, we are happy to say that **DR. JAMES STRAIT** who **has 8 offices** for your convenience has been providing **orthodontic services** for our union in the past and will continue to do so.

Dr. Strait, a long time resident of the Atlanta area, received his dental degree from the University of Alabama and his orthodontic degree from the University of North Carolina.

He has practiced here for over 20 years, was one of the first orthodontists to participate in our CWA/DDS program and has maintained a close relationship with our CWA members.

Dr. Strait says, "Early screenings for children are important to discover the position of the teeth and jaws to determine areas of bone growth that may need to be improved. The best time for identifying problems is by the age of seven."

Orthodontics is not just for children. There are more options than ever available for adults, including clear braces, whitening and cosmetics. Dr. Strait's website can be accessed at **www.gostrait.com** or phone at **770-GO STRAIT**.
